

## Pre-requisite

# IBM CLOUD SERVICE ACCOUNT

Date	11 October 2022
Team ID	PNT2022TMID52223
Project Name	Project – Smart Farmer-IoT Enabled smart Farming Application

The screenshot displays the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (ANTO RETHI ROY G's Account). The main content area is titled 'Dashboard' and features a 'For you' section with several service tiles. These tiles include 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Explore IBM Cloud Shell' (Try a command-driven approach for creating, developing, and deploying a web project), 'Visit the IBM Cloud catalog' (Explore our unique product catalog that contains 190+ services and software for your business solutions), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Build a virtual machine' (Lift and shift your VMware workloads to the IBM Cloud), and 'Build and deploy Node.js apps' (Go from zero to production in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices). Below the 'For you' section, there are four more tiles: 'News' (WebSphere Application Server Support Restatement, IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco, All About IBM Storage's Price and Supply Guarantee, IBM Tech Now: November 7, 2022), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'. The bottom of the screen shows a Windows taskbar with the Start button, search bar, and several open applications including a PDF viewer, a code editor, and a web browser. The system clock indicates 6:30 AM on 11/12/2022.
